

# Wonderful Weddings

Wedding flowers can come in any colour you like but first you need to choose your style. Here we show a taster of modern interpretations on traditional themes.

The usually stiff Hogarth Curve is brought into the 21st Century with a softer, more trailing effect.

The classic posy is given extra oomph and length with trails of curved bear grass.

The Tussie Mussie gets the modern touch with five gorgeous Calla set against foliage.

The Constance Spry look never dates. As wonderful now as it was back in the 40's and 50's.

The Biedermier is transformed into a modern fairy tale look with masses of trailing asparagus.
